*Welcome to the fifth annual North American Stallion Sport Test! We are so excited to be hosting a testing this year and are thrilled to see this testing continue to grow in size each year. Sport tests are a critical requirement in the lifetime approval process for breeding stallions. The ability for stallions to focus on a specific discipline, demonstrate continued training and development over consecutive years, and available in a format that provides the breeders open access to viewing these events have been key components of their popularity.*

*Many people and organizations have made these tests possible, and we'd like to share a special thanks to our hosts, Hilltop Farm & Pollyrich Farms, who've graciously provided their facilities and time to make these tests possible. The German FN and Dr. Klaus Miesner have been supportive of developing this format in North America since discussions first began. They graciously gave us the assistance and support of Viktoria Laufkotter and Claudia Koller who remain important resources for the committee as we work through the ever-evolving details related to rules, scoring, protocol, and more. Our dedicated volunteer, Kate Palmquist, maintains the website [www.stallionsporttest.com](http://www.stallionsporttest.com) and our Facebook pages whenever needed.*

*We are fortunate to have with us an excellent panel of judges, experts, and test riders this year that have all supported NASST since our early years. Join us in welcoming back:*

*One of the unique advantages of this 3-Day Sport Test format is that it allows for the standard of testing to be relative to each stallion's age. Scores are not based on a bell-curve and are comparable between testings. We will name a Champion for Dressage and for Jumping at both the West and East Coast Stallion Sport Tests.*

*Champion Coolers and Ribbons for all completing stallions have been generously donated by Oakwood Farms & Meg Williams. Warmblood Stallions of North American & Nat Masin/Anna Goebel have also donated an advertising package to each completing stallion to assist them in their marketing efforts.*

*Judges from the Hanoverian, Oldenburg, Westfalen, Holsteiner, & KWPN registries will be present at these testings and their continued support of these sport tests and the North American stallion owners is well worth recognizing. We wish all the participating owners, breeders, and riders a positive testing result and we hope all of our spectators go home with a broader understanding for how we like these young horses to be developed.*

## **Meet Our Officials for the West Coast NA Stallion Sport Test**

### **Gerd Sickinger**

Gerd Sickinger was born 1950 in Stuttgart. Beginning at the age of 10, he was an active competitor in multiple disciplines and he became a state-certified riding instructor. In his profession as a lawyer, Mr. Sickinger is also a sworn expert-witness for horse-breeding, -keeping and -judging. He is also a judge for competitions including Show Jumping to the highest level, dressage up to Grand Prix, and eventing up to class L and has judged the BKB Bundeschampionat in Warendorf, Germany. Gerd Sickinger is married and father of 2 sons.

### **Matthias Granzow**

Matthias Granzow was born in 1976 in Waren / Mecklenburg-Vorpommern and he lives in Münster / North Rhine-Westphalia. Matthias is married and has 4 children. He comes from an equestrian and horse breeding family. He earned his education at the state stud Redefin and has been an internationally successful show jumping rider with many victories and placements. Highlights of his career include a victory in the World Cup competition in Tallinn and top Derby placements in Hamburg and Hickstead. In 2005 he was awarded the gold badge in German riding and since 2010 has also been a judge. Beginning in 2011, Matthias has been one of the German Equestrian Federation officials (judge, discipline expert, & test rider) for the Stallion Performance Tests.

### **Josef Freese**

Josef Freese lives near Visbek, North Germany, where he has his private barn "Sportpferde Freese", a Training and Tournament Stable housing 50 horses. In earlier days Josef competed in both Dressage and Show Jumping, and in 1997 he was awarded the Golden Reitabzeichen in both disciplines for his achievements - a rare combination. Today, Josef focusses primarily on the training and development of the Dressage Horse, following the Classical Training Methods. Josef is also in demand giving clinics for riders, both through North Germany and Internationally. His relationship with the Oldenburg Verband is long standing, both as a judge and a breeder of quality horses.

### **Bernhard Thoben**

Bernhard Thoben is the current Breeding Director for the Oldenburg Verband. Thoben himself is a breeder of show jumpers and was active in the sport up to S level. He was an active member of the Oldenburg Jungzüchter and prepared many mares and stallions for inspections. In July 2019, Thoben entered the service of the Oldenburger Verband. At that time, he worked with the stallion selection committee, did foal registrations, and was a judging committee member at the Oldenburg mare show in Rastede.

### **Maren Schlender**

Maren Schlender has been working at the Hannoveraner Verband since 2008 and has been Deputy Breeding Director since the end of 2019. At the beginning of 2022, she took over the management of the International Breeding Department at the Verband from Dr. Ludwig Christmann and continues some of his previous activities for the association. This includes above all the support of foreign breeders, as well as the cooperation with the daughter societies. In addition to many judging activities at mare shows and mare performance tests in Germany, registration tours in Europe and overseas are on the agenda in summer and fall. Maren grew up on a farm and studied agricultural science. As a young girl, she participated in young breeder competitions and rode horses on the side. As a Verband youth spokesperson and trainer of the Hanoverian Young Breeders Team, she got to know the association work in the Hannoveraner Verband and started working as an assistant to the breeding director after her studies.

### **Marion Ostmeyer**

Marion is a Grand Prix rider in Germany and holds a teaching degree and a "Pferdeirtschaftmeister" (master's degree allowing students to apprentice on her farm) from the University of Bielefeld. She also received the prestigious "Golden Riding Award" for 10 wins in classes of 1.40m or more from the German Federation. Now living in Canada, Marion has shown successfully from Bromont to Spruce Meadows. Besides training and developing horses, teaching riders and matching horses with clients, Marion also teaches clinics around the world here in Canada, United States, Costa Rica and Hong Kong.

### **Jessica Wisdom**

Jessica resides in Battle Ground, Washington. She is the recipient of the USDF Bronze, Silver, and Gold medals plus the Freestyle Gold Bar, and has had multiple "Horse of the Year" placings. She has coached riders from Training level to FEI with several winning championships in the NW and earning their USDF medals. Her calendar is currently filled with her own competition riding, a training & lesson program at Emerald Valley, and a growing number of dressage clinics from Alaska to South Carolina. Jessica competed her Welsh cob stallion North Forks Cardi from Training level through the Grand Prix, winning several CDI's and a National Championship for the Grand Prix Freestyle. She now competes her Hanoverian stallion Diamondhead in the small tour as well as several client horses up through the Prix St. Georges.
